MIL'S MUSINGS

By Richard Milbrodt

STRANGE THINGS ARE HAPPENING to me and apologies are in order. We often receive adverse comment on the logic and meaning of some squibs appearing here. In defense of our ability, it isn't all my fault. There are many a slip between the typewriter (mine) and the roll of the press (the publishers). Last straw arrived when we were told that for two weeks in a row the key word had been missing from a sentence or two. A re-statement of last week's error would only serve to confuse even more so we will forget it this time—but, from now on it is either improvement or total abolishment. The decree has been made.

IF YOU WILL KINDLY recall a few weeks back you will note that one of the principal reasons for closing our theatre was rowdiness and boisterousness. It should interest you to know then that on opening night, after opening ceremonies had been concluded, the dignitaries that had just completed their well-coming remarks had a little get-together in the theatre lobby. Included among the dignitaries were Frank Armstrong, the new school board trustee, Luther Hussey, Judge, and others. Yacking away in the foyer, these gentlemen became so engrossed in their conversation that MORGAN AMES, theatre owner, had to evict them for "being too boisterous."

IF YOU PICK UP A starving dog and make him prosperous, he will not bite you. This is the difference between a dog and a man.

THE RESULTS OF LAST week's school board election were predicted in advance as being in favor of winner Armstrong. Continued on page 8

FREEWAY FOR LEMON GROVE POSSIBILITY

Highway 94 will become a freeway and Lemon Grove will become a "freeway" town under plans considered yesterday by the State Highway Commission.

Seven miles of Federal Blvd. and Broadway, from approximately the SD police pistol range, through Lemon Grove to Mesa at Palm will be the section to be converted. Before formal consideration of the improvement public hearings will be held if the local authorities request it, according to the Commission.

Rella's - C. P. Appliance in Double Business Expansion On Broadway

Another expansion of Lemon Grove business will soon take place when Ralph and Anna Rella's new building in the 7800 block on Broadway opposite the new Sproule-Reitz store is completed.

The new building, modern and attractive, will house Rella's shoe business, and the building he is vacating, which he also owns, will become the enlarged home of C. P. Appliances which is now located in part of the present building at 7852 Broadway.

Rella is one of the town's earlier businessmen and many local residents recall the time when his shop was the only building in that general area. C. P. Appliances have been in the community a comparatively short while but have built a healthy retail sales and repair business. Opening prize-giving events will be held by both firms when they move into their new homes next month. Rella will give several door prizes which will include a bicycle. C. P. will offer a refrigerator or a 21-inch television and other items. The shoe store will maintain a complete daily line with accent on women's sport and casual shoes. C. P. will feature Westinghouse, Gafers and Sattler, Zenith, RCA, Admiral and Sunbeam brands of appliances and in addition will

Local Writer Models For Grove New Haberdashery

It's the REVIEW's ace columnist, Robert Turnbull who is the center of attraction of these Helix High School girls. Girls are Marylyn Sharp, Lorraine Sawyer and Shirley Campbell.

Reason for the admiration is the new casual jacket he's sporting. The coat was supplied by Bob Gaudin's Haberdashery, 3435 Imperial Avenue, just off Broadway to announce the opening of a new men's shop bearing his name Friday.

Among the nationally known brands the shop is featuring are Botany, Hendon, Town Topic, Manhattan, Yale, McKenzie, Thomas Scott, Cal-Anito, Holly, Vogue and other famous names. Gaudin is president of the Lemon Grove Chamber of Commerce in addition to being well known in area business circles. The shop, next door to REVIEW, will be open daily till 6 and Friday till 9 and will feature production merchandise during opening weeks.

Boundaries Approved, Petitions Readied For Incorporation

The second in a series of four public forums sponsored by the Lemon Grove Home Rule Association will be held Wednesday evening, May 27, at 8:00 p. m. in the Vista La Mesa School. Forum chairman for the Home Rule Assn., Sumner Alpert, stated that the subject for the forum will be "Why Incorporation for Lemon Grove" and will be covered by three different speakers. "Ample time will be available at all the forums for questions from the audience," Alpert stated. "Since we will not know what the people want to know most until they ask us," Forum speakers will be Jim Womack, Is

School Board Meets Monday Following Wettest Election

Eastern Star Marks 2nd Anniversary

San Miguel Chapter O. E. S. No. 579 celebrated the second birthday of the Chapter at their regular meeting held last week at Friendship Hall.

Honored guests were Hattie Hodzar, Past Grand Matron, Ike Hodzar, Past Grand Patron of the Grand Chapter of Montana, Flora Mae Stewart, Deputy Grand Matron, and Past Matrons; Edith Braley, Callie Trumbel, Dora Gray, Jennie Morse, and Hazel Easton. Past Patron, Tom Parsons was also present.

Nancy and John Mitchell sang "A Birthday Prayer." The program, in charge of Hart Vaughn, included dancing, singing and piano selections by a group of youngsters.

The small three year old daughters of Juanita Soady and Glen Nugent, dressed in formal frocks passed out to every one a scroll, replica of the Chapter's Charter which was recently received.

Worthy Matron Arvilla Henderson, and Worthy Patron G. Spencer Bunch served birthday cake to all attending. Louise Bennett and Jennie Morse were chairwomen for the after Chapter party.

TRAINING 75 DOCTORS
The American Cancer Society is financing the training of 75 young doctors in diagnosis and treatment of cancer. A contribution to the 1953 ACS crusade will help support this work.

offer full time TV repair service at \$3.50 per call. A reconditioned and used appliance for rent-or-sale department in a comfortable outdoor alcove will be among the features.

Each of the businesses will have about three times their present floor area. Business, say both of these shop owners, is good in Lemon Grove, and looking better every day.

With quiet settling on the voting front, at least temporarily, loose ends of the school board election are being picked up and put back in place.

Frank Armstrong, the victor, with a 2 to 1 majority over C. W. "Bill" Brown, will not become official until after the July 1st Lawrence Herder, whose chair he fills after nine years of service, will officially be a Trustee until June 30th.

The totals, 636 for Armstrong and 306 for Brown, will not become official until after the school board either counts or recognizes the total as official.

Brown gave the REVIEW a manly and straightforward statement after the totals were tabulated. Said Brown, "I wish to publicly thank the many people who worked with me and voted for me in Friday's election."

"I sincerely hope that the considerable public interest in school affairs as evidenced by the turnout at the polls will continue through the coming year and trust that the newly constituted board will function in the best interest of the children, parents and taxpayers of Lemon Grove."

Brown expects to enter the insurance business in Lemon Grove in about thirty days. By turned out, here is how the voters fared on one of the wettest election days in recent years. The first total in each precinct is Armstrong, the latter is Brown.

Precinct 1 (Vista La Mesa)—108-20—total 128.
Precinct 2 (Lemon Grove)—168-96—total 264.
Precinct 3 (Mont. Heights)—189-83—total 272.
Precinct 4 (San Miguel)—171-107—total 278.
Total vote—942.

BOARD MEETING MONDAY
Meanwhile a special school board meeting has been called for Monday at 7:30 at the District offices on Acacia Street. The meeting, as are all school board meetings, is not only open to the public but visitors are urged to attend.

The agenda includes a discussion with architects on classroom design; study of salary schedules by analysis and comparison; further consideration of a lighted, supervised ball park and more study of the tentative budget.

Theatre Tickets For Review Readers

REVIEW readers are in for an added treat in the next several weeks. They are going to the Grove Theatre without charge. Five names will be picked at random among our subscribers and listed on page one. Persons whose names appear may pick up their tickets between 9 a. m. and 5 p. m. each day at the REVIEW office, next door to the Grove Theatre.

This week's lucky readers are:

Local Lions Visit South Bay

Lemon Grove Lions did some roaring Tuesday night with the South Bay and Chula Vista Lions at a dinner dance in the American Legion Hall in San Diego.

The occasion was the celebration of the first anniversary charter night. Dinner was followed by an enjoyable evening of dancing.

Fashion Show Features Wee Ones

It was like Paris in Lemon Grove when the Parent's Guild of St. John of the Cross Church held a style show recently. Five children and seven adults modeled spring and summer fashions before an audience of 250 women.

Above, little Linda Johnson, 7572 Central, displays a Wee Toz original dress of batiste in maize with brown batiste belt, white front, lace trimmed, suspender effect. This dress is featured at the Pettie Shop, 7819 Broadway. Mrs. E. H. Foran, 7747 Mt. Vernon, holds the cake to lend realism to the party dress.

V. F. W. To Sell Poppies Fri. & Sat.

You will be buying Buddy Poppies this Friday and Saturday in the Grove. The local V. F. W. Post and Auxiliary will be selling them and soliciting your contributions.

Theodore Nutter Passes

One of the better known citizens of Lemon Grove, Theodore F. Nutter, passed away Sunday morning at the age of 73. He resided at 7695 Church St.

Formerly a Beverly, Mass. business man, he had been retired since coming to Lemon Grove but had been active in local civic affairs. He was a member of St. Philip Episcopal Church and Lemon Grove Masonic Club and in Beverly was the president of the Chamber of Commerce and a member of Liberty A. F. & A. M. He is survived by his wife, Jessie, and three sisters and a brother in the East.

County New Tax Bill To Cover Service Costs

Auto For \$1? If Your Bid Is Accepted

A Plymouth auto may go for a dollar, provided that is the highest bid when Grove Kiwanis hold their annual auction sale Saturday, June 6th on the area between Carr's Hardware and Broadway. Proceeds will be used to light the Junior High School playground.

The sale which will see everything from tickets good for two dinners at Michael's, to a single tennis shoe of Chan Mason's, (the other having got lost in last year's Kiwanis-Lions baseball game) will be under the direction of Ray Wright, operator of the High \$ Auction Mart. The Plymouth has been donated by Drew Motors.

Because of a conflict with the Lion's annual scrap drive, Bob von Willer, Lion's president said that he would ask his organization to postpone the sale.

An assembly-sponsored bill of the State legislature that will increase the amount of county taxes paid by unincorporated areas is now law.

Titled "The County Service Area Act," it will become effective 90 days after the close of this session, which should be June 10. This measure authorizes the creation of a tax area of any size to pay, by means of special assessment on property, for certain designated services such as police or recreation.

As established by the law, any two members of the Board of Supervisors may initiate proceedings for the creation of a County Service Area. The proceedings may also be requested by petition from citizens so desiring. In the process of creating such a Service Area the county must hold public hearings, and establish the cost of providing a special service to the area in comparison to other incorporated areas. This routine must be followed for each service desired, although one Service Area can provide more than one service. If this cost comparison proves that an extra amount of service, such as fire protection, is being served the unincorporated area proposed for a tax district than is being provided to the incorporated areas, the Supervisors must either create the Service Area or discontinue the additional special treatment. Thus, property owners may prevent creation of the tax district by protesting to the Board of Supervisors, but the extra amount, or "extended" service being provided must be halted until a tax adjustment can be made.

"Bill Need Stated"

The reason for the bill is that the cities of California have recently claimed that they are footing an undue portion of county revenues and that the unincorporated areas are not paying for their share of services received from the county.

Since World War II, the population of unincorporated areas immediately surrounding the large cities have expanded tremendously to the point where they have often been deemed "unofficial cities." Examples of such fringe areas in San Diego County are Lemon Grove, Fallbrook, Vista, San Ysidro, and Imperial Beach. Urbanization of these places has brought about a demand for governmental services which the county has attempted to provide. Herein lies the biggest thorn in the side of the cities. They claim that in meeting the needs of the county areas they have been denied equal treatment.

Proponents of incorporation for Lemon Grove hail the new Service Area law as being the best reason for incorporation. "We must protect taxes from unlimited increases as will happen now that this law has been passed. State law puts a definite ceiling on the tax rate of incorporated cities," Bob Gletzen, Continued on page 5

Bloodmobile and Fire Events Get Teachers' Endorsement

First meeting of the new executive board of the District Teachers Association under the club's new president, Louis Poluzzi, was held recently at the Golden Avenue School. The board chose the theme, "All Children Deserve Good Teaching," which will be emphasized by the organization during the 1953-54 term.

The board voted to become a member of the Lemon Grove Bloodmobile Council, and to support the Firemen's Relief Dance in June. The next regular meeting of the association will be held Thursday, May 28, at the Vista La Mesa School.

Attending the meeting were Dorothy Giesler, Hal Brogan, Peg Darroch, Evelyn Whalen, Hazel Mulkey, Cedric Stammer, John, Leota Holcomb, and Bill Fitch.

Cope Tells Assn. About Annexation

O. K. Cope, Assistant City Manager of San Diego, gave an informative talk regarding qualifications for an area desiring annexation to San Diego and the procedure for completing such a move, at a meeting of the Greater Lemon Grove Civic Association Monday night. Twenty-two persons attended.

He emphasized that the City Manager's office takes a neutral attitude; that the residents of an area must choose for themselves what is best. To start proceedings for annexation, a map is submitted to the County Boundary Commission showing clearly the area affected; if this is approved by them, permission is given to circulate a petition which must be signed by 25% of the registered voters in the area. A public hearing is then held and an election is set. However, if 51% of the property owners object, the issue is dropped, not to be revived for a year. A simple majority is required to pass the issue, if passed, it becomes effective in 31 days.

A city government is more efficient and economical than overlapping districts, such as school, fire, sanitation and lighting, he pointed out, and that the area assumes the tax rate of the city to which they are annexing, plus any outstanding indebtedness.

The next meeting of the Greater Lemon Grove Civic Association will be announced later.

"WE GOT IT" IS STORE'S BOAST

"If they make it, we got it." is the slogan of the Baker Hardware store at 6169 University operated by Mr. and Mrs. L. G. Brouillard.

The store was opened during National Hardware Week by the couple who operated a hardware

store in Minneapolis, Minnesota for 15 years.

"Our store is now fully stocked with a complete line of home hardware," the Brouillards reported. "We are prepared to answer 'yes' on any hardware item

patrons ask about." An enlarged paint section featuring Glidden's Spred-Satin is the result of consumer demand, they said.

The store is open Sunday and closed Tuesday.

Helix Senior Earns Scholarship

Peter Richetta, a Helix High School senior, received a top award at the Futures Unlimited Banquet of Junior Achievement Inc. in Cafe Del Rey Moro, Balboa Park, last week.

Richetta won the \$300 Fleet Foundation scholarship and also was awarded a national scholarship of \$200 given by the National Association of Electrical Distributors.

He is president of the Junior Achievement Company, Pack-A-Line Products.

Carol Belghe, Helix Senior, won the Junior Executive award

Edward Tilling Wins \$4,000 Scholarship

Edward Tilling, Helix High School senior, has been awarded a George F. Baker Scholarship to Pomona College, Claremont, California, according to Mr. Brobst, Helix counselor.

He will receive \$4000 over a four year period if he remains in good standing scholastically. The purpose of the scholarship is to assist in the finding and educating the most promising young men in the nation. It aims to further increase the opportunities for implementing these natural qualities through higher education.

Tilling, the son of Mr. and Mrs. Mack Tilling of 7321 Santa Maria Drive, La Mesa, is an honor student at Helix. He is President of the Helix Student Body, President of the California Association of Student Councils (San Diego and Imperial Counties), and is also a member of several service clubs on campus.

"Highland Lads And Lassies"

Robert Turnbull I guess I'll have to start dedicating my columns to Father Neptune, who in this particular case is playing the Pled Piper, since he is drawing so many Highlanders to the beach lately. I've gone several times, and on each occasion there are many Helixers enjoying sun, sand and sleep. (Seems that hardly any of them hit the water to speak of). On a Friday afternoon after school, recently, Iris Gleyne, Dixie Graham, Alice Sanford, Carolyn Oliver, Beverly Deem, Nancy Garrier, Ardell Torgersen, Bernadette Medina, Ron Fix, Bob Turnbull, Jim Applegate, Dale "Scorp" Harvey, Richard Conde and Julius Tuite were at the Old Mission having a time of it.

A few Sundays ago it seemed that everything but the janitors and the building of Helix were at the beach, ahh, Old Mission of course. Seen there either blushing or burning were Carolyn Oliver, Dixie Graham, Pat Weber, Pat Culver, Sandy Hesse, Lynn Westlund, Rowena Noll, Naomi Goynne, Louise Davidson, Marion Farrow, Shirley Campbell, Eleanor Freeman, Joan Wilson, Barbara Westlund, Pat Adams, Dale Gall, Phyllis Fleming, Janet Hentigan, Barbara Bates, Joyce Rapon, Janet Corwin, Carol Anderson, Marjorie Schlieff, Bob Adams, Bruce and Don Bender, Tom Kelley, Ernie Merk, Jim Weldon, Carlos Fackrell, Bob Turnbull, Dale Pacquin, Don Rote, Ronnie Fix, Dale Harvey, Ralph Jaffe, Bill Ford, Dick Tucker, Richard Conde, Jim Singegal Cedric Jordan, Fred Harlow, Mike Dickson, Gale Smith, Glenn Crosby, Bob Beasley, Don Warfield, Richard Stillings, Wayne Bell, Jim Applegate, Corky Paceralli, Karl Grasi, Edgar Stemen, Don Wilhelm, Brian Herald, and, why believe it or not, that's all.

Helix recently held its elections for next year's Song and Cheerleaders. Results are: Song leader—Lulu Dodd, Pat Weber, Carolyn Oliver, Bernadette Medina and Marjorie Tripp. Cheerleader—Barbara Tann, Sandy Whaley, Mike Dickson, Bob Beasley, and Glenn Crosby. Last year, or really this year still, there were only four each, but next year there will be five. (I don't know why.)

You might say that this paragraph is dedicated to the female readers. Because I am going to tell you of a great bargain that can be received through Mr. Dan Lewis, Music Director at Helix, myself or your son or daughter that might go to Helix. The Helix Band has just made a recording of two songs on a record. The record is just like any other that you'll find in a music shop, only Helix made them. One side is "Americans We", where Helix won the Sweepstakes Award up at Long Beach. The other is "The Crosby March" where Helix won the Sweepstakes at the

New, Swank Hotel For County

The million and a quarter dollar Hotel Del Charros will be host to county newsmen, radio, television and film stars and a sizeable group of notables at a premiere May 23 at La Jolla.

The swank holstery, dedicated to the elite is a 75 room establishment and boasts a restaurant, bar and cocktail lounge, 12 pool-side cabanas and a huge crescent shaped swimming pool, heated for year-round use.

The penthouse, poolside villas and all guest rooms will have either a patio sundeck or private balcony. Many of the rooms will have kitchenettes, refrigerators and private bars.

Manager Williams was formerly resident manager of the Casa Manana in La Jolla. Mrs. Babette Willis will be his assistant. The Jacaranda Tree Restaurant will have two chefs.

Ed's note: The editor of the REVIEW is to be one of the guests for the opening. If there is enough demand for a report on what goes on, or if even a telephone call comes in asking for it, we'll recount our experiences (and they may be lurid) in the proximity of the crescent shaped pool and the Jacaranda tree.

Firm Hired To Start Lemon Grove's High School in El Cajon

The Board of Trustees of the Grossmont High School District have named Kistner, Curtis and Foster, an architectural firm to proceed with planning of the new high school in El Cajon. This action was previously recommended by the Citizen's Advisory Committee. This is the high school Lemon Grove electors voted in April to build.

The buildings are to be single story, frame and stucco construction which are generally safest and lowest in cost according to advice from Doyt Early, Architect from the State Division of School Planning.

Double loaded corridors featuring two rows of classrooms facing on a single enclosed hall were selected because of greater economy in use of site space less disturbance of classes in session and protection for locker area. The major classroom units will be similar in plan to those at the new Helix High.

The high school designed for 1600-2000 students will be located on a 32 acre site on Madison St. between First and Mollison in El Cajon. Bids will be called for in December with completion date set for September, 1955.

High School Reopens Sept. 14

High School will begin on September 14 and end June 17 next year according to a proposed calendar adopted by the Grossmont Board of Trustees Monday night. The school year will extend over a period of 292 days counting the special institute sessions, work days, legal holidays and vacation periods. Teaching days number 177, which provides the same number of days for pupils as in recent years.

The proposed calendar is patterned closely after the San Diego City Schools Calendar. The

NOTICE OF TRUSTEE'S SALE

WHEREAS, CLAYVE SPENCER BUNCH, JR. and THEONA M. BUNCH, Husband and Wife, by Deed of Trust dated July 9, 1948, and recorded in Book 2941 of Official Records, at page 13, in the office of the County Recorder of San Diego County, California, did convey the premises therein and hereinafter described to MT. HELIX ASSOCIATES, INC., a corporation, as Trustee, to secure, among other things, the payment of a promissory note, executed on July 9, 1948, by said Clayve Spencer Bunch, Jr. and Theona M. Bunch for the principal sum of SEVENTY-NINE HUNDRED DOLLARS (\$7900.00) with interest from October 8, 1948; and

WHEREAS, default has been made under the said Deed of Trust and said note in this; that the installment of principal and interest due upon said Note on August 8, 1952 was not then paid; and that subsequent payments due thereafter were not paid; and that the taxes for the fiscal year 1950-51 and the first one-half of the taxes for the fiscal year 1952-53 have not been paid and are delinquent; that the unpaid balance of the principal sum of said note and interest thereon from July 8, 1952 is owing and unpaid;

WHEREAS, the owners and holders of said note did declare that default had been made as aforesaid and did declare the whole of the principal and interest immediately due and payable and thereupon on the 12th day of January, 1953, did record in the said County Recorder's Office, in Book 4712 of Official Records, at page 180, due notice of Breach and Election to Sell the premises hereinafter described.

NOW, THEREFORE, Notice is hereby given that the undersigned will as Trustee, sell at public auction in the manner provided by law, to the highest bidder, for lawful money of the United States, on Monday, the 11th day of June, 1953, at the Hour of ten o'clock, in the forenoon of said day at the South center door of the County Court House, in the City of San Diego, County of San Diego, State of California; all the interest conveyed to and held by the undersigned, as Trustee, by the aforesaid Deed of Trust in and to all that certain real property set forth therein, situated in the County of San Diego, State of California, and more particularly described as: "The West Half and the West Half of the Northeast Quarter and the West Half of the Southeast Quarter of Section 18, Township 17 South, Range 2 East, San Bernardino Meridian, in the County of San Diego, State of California, according to United States Government Survey thereof, EXCEPTING AND RESERVING all the coal and other minerals in the lands herein described as reserved in Patent from the United States of America to Emanuel F. Clark, dated July 12, 1939, and recorded August 1, 1939, in Book 920, page 461 of Official Records."

for the purpose of paying the balance due upon the principal sum of said note, to wit: the sum of FIFTY-TWO HUNDRED SIXTY-EIGHT and 43/100 DOLLARS (\$5,268.43), together with interest from the 8th day of July, 1952, as provided in said note; sums, if any, advanced under the terms of said Deed of Trust; the expenses of said sale and the compensation of said Trustee, as therein provided Terms of Sale, lawful money of the United States.

Tabasco's Tang Helps Bland Eggs

This time of year eggs are budget-priced, which means that you will want to use them often. Besides, they're one of our most nutritious foods—provide lots of protein, iron and calcium and everyone should have at least one a day. Omelets are filling and versatile enough to be served at breakfast, lunch or dinner. Boasting the additional reinforcement and seasoning of milk, butter, salt and Tabasco for that little lift on which gourmets insist, the whole family will find omelets one of their favorite foods. Tabasco of course goes well with all egg dishes; Brits (and plenty of Americans) refuse boiled eggs without a few drops of the famous old southern hot sauce; Tabasco scrambled eggs are becoming increasingly popular. Now see what a big help a little of this pungent flavoring is to an omelet.

For breakfast, serve with bacon, sausage or jelly. For lunch, a Creole sauce is in order, and for dinner, an omelet can take over main-course duties when served up with tender canned mushrooms.

Fluffy Omelet

6 eggs, separated 1/2 teaspoon salt
6 tablespoons water 1/4 teaspoon Tabasco
2 tablespoons butter

Beat egg whites until stiff, but not dry. Without rinsing beater quickly beat egg yolks with water, salt and Tabasco. Fold into beaten egg whites. Melt butter in a heavy frying pan. Add mixture and cook over low heat, until omelet is slightly brown underneath. Place in a moderate oven (350°F.) about 10 minutes, until dry on top. Cut part way through center. Fold and slip from pan on plate or platter. YIELD: 6 servings.

Want Beds of Red? Plant Salvia Now!

A time-tested recipe for bold red masses of garden color hard to equal in uniformity and brightness is: Plant salvia (scarlet sage). And do so now; when you see it brightening up other Lemon Grove gardens, it will usually be too late to plant, as this vivid annual requires several months to reach full bloom.

Well-started plants of both dwarf and medium-tall salvia now are generally available in

Lemon Grove, according to the California Bedding Plant Advisory Board. Both types are the same dazzling red, but the dwarf form matures about two weeks earlier. It grows 15" - 18" high, with short dense florets. The medium form grows 20" - 24" high, and has long, loose blossoms.

Both types should be planted in a warm, sunny location with rich, loose soil and good drainage. Salvia is not temperamental and requires little care other than your regular garden watering and fertilizing.

Better Services, Pride Given As Reasons For Incorporation

Note — This is the third in a series on the meaning of incorporation. Publication does not necessarily signify indorsement.

III WHY IS INCORPORATION SOUGHT?

Many reasons are given for initiating the incorporation proceedings. Briefly they may be listed as protection, betterment, isolation, and pride.

Not a few areas have decided to incorporate for the sole reason of protecting the local interests from either being absorbed by an encroaching city or the inroads of vice; gambling or horse racing. This is especially true in the Los Angeles area.

Some organizations in seeking improvement of local conditions turn to incorporation for a solution. Such improvement that is desired may be correction of poor planning, little or no water (historically in California lack of water has been instrumental in bringing about incorporation), or poor sanitation facilities; in general a desire to end some neglect in needed services that has arisen.

Turning again to Los Angeles county where most incorporation moves have taken place, isolation is sometimes a driving factor. This is true since some communities consider themselves more exclusive than others and want to insure this distinction with the authority only incorporation can provide, and more important, to cut themselves off from possible inclusion in other municipalities.

Pride enters into all of the above reasons, but specifically involves the traditional spirit of freedom. As urban areas have mushroomed from rural land the resulting mass of people disliked the relative lack of freedom placed upon them through the often outmoded structure of county governments. Representation was scarce; treatment sometimes harsh. In response to the hurt pride thus resulting, incorporation moves were begun. Perhaps one other factor should

be mentioned that is often times very meaningful as a stimulant to incorporate. As the trend from rural to urban increases, so does the need for services. First efforts to provide these services do not always prove the

Faster Cable Stringer In Grove

Pacific Telephone's new equipment now stringing telephone cable in Lemon Grove is shown above. Small power trucks operate on either end.

A new type of equipment that will string cable three times faster than former methods under certain conditions is being used by Pacific Telephone in Lemon Grove.

The unit is called a "pre-lasher," because it "lashes" the cable and the supporting strand together before they leave the ground. They formerly were strung separately, and then

"ashed," or tied together.

Manager Sidney S. Campbell said the unit has been used on Golden Avenue, between Washington street and Lemon Grove, west of Washington. He said the company is stringing 54 miles of conductor feet of cable for new

telephones in the southwestern section of the La Mesa exchange.

A crew of five men operates the machine. When working without any trees, or other outside interferences, it can string 6,000 feet of cable daily, as compared with a former 2,000 average.

YOU SERVE BETTER MEALS

WHEN YOU HAVE COMPLETE HOME REFRIGERATION

LEARN WHAT MILLIONS NOW KNOW — YOU LIVE BETTER, EAT BETTER, SERVE BETTER, HEALTHIER MEALS FOR LESS MONEY WHEN YOU HAVE THE CONVENIENCE OF COMPLETE REFRIGERATION IN YOUR HOME — A MODERN REFRIGERATOR PLUS A MODERN HOME FREEZER.

The moment "quick freezing" became practical for food preservation — refrigeration was revolutionized in the food industry — and in your home. The first major change came in the food industry. Now, it could deliver to your home fresh foods under refrigeration — or fresh foods, quick-frozen.

The second major change came in your home when the refrigeration industry developed a quick-freeze unit for home use.

WHAT THIS MEANT TO YOU, THE AMERICAN HOUSEWIFE
 For you, the American housewife, these changes meant these two things: First, your refrigerator was no longer adequate unless it was constructed to "keep" both fresh and frozen foods for day to day use.

And, second, you could now obtain your own fresh foods —

quick-freeze them and store them in your own home freezer to use as you chose.

HOW THE "QUICK-FREEZING PROCESS" CAN BETTER YOUR LIFE
 Obviously, for you and your family to truly enjoy all the wonderful frozen foods available to you, you need a refrigerator with both fresh and frozen food compartments. If you present refrigerator is 10 years old, it's outmoded because it doesn't have either a freezer compartment — nor the latest developments for keeping fresh foods.

If, however, you have a modern refrigerator, your next step for complete home refrigeration is a new home freezer — so you can freeze and store your own fresh foods . . . or you can buy, at quantity prices, frozen foods to store for later use.

GOOD FOOD IS VITAL — AND AMERICA OFFERS YOU SO MUCH
 Yes, no place else in the world but here are you offered such an abundance of good food. And part and parcel of getting it from the farm to your table is proper refrigeration — with the last step being complete and proper refrigeration in your own home. Today, we urge you . . . if your refrigerator won't keep both fresh and frozen foods properly . . . buy a modern one at your dealer's. Or — if you already have a modern refrigerator — take the final step to complete home refrigeration — get a home freezer.

Both units — in many makes, sizes and models are available on easy terms. Together, they stand for complete home refrigeration — and they bring to your home and family better eating, healthier eating, better entertaining, greater convenience — all at a great saving.

County New Tax Bill To Compensate For Added Services

president of the Home Rule Association, said when interviewed about the effects of the Service Area Bill on the efforts of his group. "We will not get any more services than we receive now, but we will have to pay more for it; a fact that few people realize," Gietzen added.

"Study Need Cited"

Lee Thompson, president of the Greater Lemon Grove Civic Association, when queried as to the bearing this law would have on the work of his group declared that more study of the law is needed. The Civic Assn. is currently undertaking a study on the relative merits of incorporation, annexation, and status quo. Thompson stated that he does not "feel qualified to discuss" the Service Area law until full opportunity has been given to investigate the law.

Dave Bird, County supervisor for this vicinity said that he felt the Board of Supervisors would probably not neglect the provisions of the Act and would institute proceedings for creation of a Tax Area whenever such action was requested by the people. As to the length of time before such a request would be received, Bird did not care to guess.

P. T. A. 'Early-Timers' Hold 6th Get-Together

The Sixth Annual get-together of early teachers, charter members, past presidents and members of the Lemon Grove P. T. A. was held earlier this month at Friendship Hall. Luncheon was served to 44 persons. In

Nusbaum, and Herb Haag. The two remaining forums are scheduled for successive Wednesday nights, June 2 and 10, at the Monterey Heights and San Miguel Schools, in that order. Each of the forums in the series pertain to the same general subject of incorporation and are being held throughout the Lemon Grove Elementary School District to enable better communication with everyone. It is the area enclosed by the school district boundaries that is proposed for incorporation as a sixth class city by the proponents of incorporation who are spearheaded by the Home Rule Assn.

Bob Gietzen, Home Rule president, declared that the petition seeking incorporation will be on hand for those desiring to sign. "Signing the petition does not necessarily mean endorsement of the issue, but merely paves the way to give everyone a chance to vote on the subject," Gietzen said.

Petition Approval Granted

The petition requesting an election on whether or not to incorporate must be signed by 25% of the property owners of Lemon Grove who must own 25% of the total assessed valuation before the Board of Supervisors will grant the request. John Dail, spokesman for the Home Rule Group announced that approval of the proposed boundaries for the city of Lemon Grove has been received by the County Boundary Commission. "Since this was the only hurdle to meet before further action could be commenced, we are now ready to roll on obtaining petition signers," he said.

At last week's forum, panel members based their incorporation arguments on three factors. Immediate availability of state tax monies now being paid by this area and claimed to not be returned, the increase of property taxes if status quo is maintained, and the number of services available to Lemon Grove citizens when and if incorporation is achieved.

Citizens in attendance were very responsive in questioning the panel members freely indicating much interest in the subject.

tion to postpone their event until after the Kiwanis sale was held. The Kiwanis group then will throw their effort into the scrap event. Meanwhile, Lion members are digging into attics and closets to contribute to the Kiwanis auction. Both groups will then square off in a baseball game which threatens to be even more gruesome than the bloody battle of last year. Already charges of professionalism are being hurled on both sides. Byron Netzly, Kiwanis president, signed a pact with Von Willer over the week-end in which both clubs agreed to withhold vituperation, until the two money raising events are over.

Saleable items are direly needed, according to the auction committee. Pick-up and repair service will be given via H6-1459.

Grove PTA Exec. Board Guest of Mrs. Beckham

The executive board of the Lemon Grove School P. T. A. were the guests of Mrs. Robert Beckham, retiring president of that association, at a buffet dinner at her home, 7151 Hybenth Drive, last Tuesday evening. Following the delicious dinner, the group held its last executive board business meeting of this school year, with graduation plans for the eighth grade class first on the agenda. Beach party arrangements were also discussed and it was agreed that parents of the eighth graders should see that the excursion is well-chaperoned. Life guards will also be on hand that day, which has been set for June 5.

The board voted to write a letter to groups concerned with the quarry situation in La Mesa. They also talked of possible school gifts. Attending the meeting were Mrs. C. E. Correll, Carl Palnchon, Edward Kinyon, C. L. Whalen, Ruth Pfister, Harold Randall, J. W. Burgeen, Robert Brown, John Cornelius, Loy Holmquist, Virgil Danielson, Herman Bryant, H. G. Hoard, Peg Darroch, and special guest, Mrs. John Dail, president-elect. Also Messrs. Ben I. Schei, Thomas Brogan, Robert Beckham, and Roland Purves.

Writers Group To Install

The regular meeting of the La Mesa Writer's Club will be held June 1st instead of May 25th. The meeting will be at 1:30 in the Amherst Church, 70th and Amherst Sts. Main item of business will be the installation of officers for the ensuing year. Chloris Scott, well known newspaper correspondent, past president and president-elect of the El Cajon Women's Club will do the installing. A program and refreshments will follow the meeting.

Toastmistress Club Meets Wednesday

Suburban Toastmistress Club will meet at 7 p. m. Wednesday at Rose Hedge Manor, La Mesa. An entertaining evening is planned with the following members participating: Mrs. C. Oldsen and Mrs. M. Lohse, speakers of the evening; Mrs. Alice Yeager, toastmistress; Mrs. Nan MacDougall, topicmistress; Mrs. E. Kranch, invocation and inspiration; Mrs. Wm. Edell, grammarian; Mrs. J. Dougherty and Mrs. D. Hentigan, critics; and Mrs. I. Webber, evaluator.

Guest callers Van Vanderwalker, Kip Muse, Zeke Fallis, Stan Bryan, Clarence Montgomery, Juan Frank, Sylvia Conkle, and Pat Mouilleseaux.

strong by a 2 to 1 count by prognosticator Max Goodwin, REVIEW publisher. Final tally showed this forecast off by only 30 votes (636-306). It's a good thing that it rained on election day, or else Goodwin would never have come this close, because everyone knows that rain hurts voter turnout.

Women Voters Meet Monday

East San Diego evening unit of the San Diego League of Women Voters will meet Monday at the home of Mrs. Joseph Pasernack, 4113 Loma Alta Way. Subject of the discussion will be problems of international trade, and current proposed legislation extending the Reciprocal Trade Program will be reviewed.

All interested women are invited to attend.

Vista La Mesa School News

Two third graders from Vista Mesa School visited the Museum of Man and the Museum of Natural History during the past week. This trip was a culmination of their social studies program for the school year. The groups were accompanied by their teachers, Mrs. Martha Whaley and Helen Kelsey, and these parents, Mrs. Robinette, Hodges, Mallow, Hoy and Wright.

It has come to our attention as of late that far too little is known about the actual happenings there. How much do you know about what is going on? Business enacted at the state capital will many times effect us more quickly, and more directly, than will Congressional action. While not denying the need for constant observation of the federal legislators, we think that the state scene should not be so neglected. Participation on the part of "the folks back home" can have profound effect on legislation.

As an example of some of the items occurring in Sacramento, did you know that:

A bill requiring all persons and organizations holding meetings in school buildings must take a loyalty oath has been made into law? Or that a change in the criminal code is awaiting the governor's signature that will lower the penalty invoked for passing bad checks? Or that next year will get one license tab instead of two? We hope that you do know these things and that they are familiar to you. Over 5000 bills were introduced in this session of which over 400 have been passed. We can but mention a few here in the hope that you will seek knowledge of the rest. A copy of any bill can be obtained by writing the Legislative Bill Room, State Capitol, Sacramento.
